SCALA VOLUME A

This scale has lower steps in the normal listening volume range.

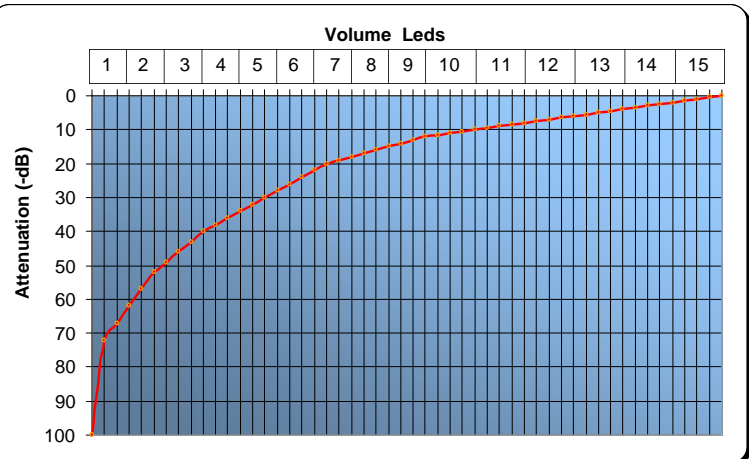

Questa scala ha passi più piccoli in corrispondenza del normale volume di ascolto.

SCALA VOLUME B

This is the default scale

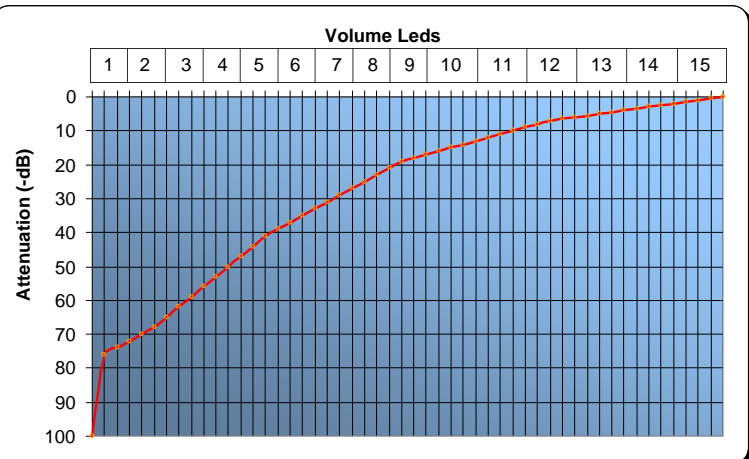

Questa è la scala di default

SCALA VOLUME C

This scale with its low beginning steps is well suited to high efficiency loudspeakers.

Questa scala con bassi passi iniziali si adatta molto bene ai diffusori ad alta efficienza.

SCALA VOLUME D

The scale is organized with 79 steps of 1dB each.

La scala è organizzata in 79 passi da 1dB ciascuno
