THE STRESSLESS® BOOK OF COMFORT

COLLECTION 2013

THE INNOVATORS OF COMFORT™

EKORNES® AND THE ENVIRONMENT

The objective of Ekornes is to accept environmental responsibility related to manufacturing, distribution and use of the company's products.

We will continue to implement initiatives in our factories that improve the internal and external environment, at the same time as we continue to select environmentally-friendly raw materials.

A sustainable manufacture of durable products will also be an objective in the development of our company.

The following core items shall be complied with in all parts of our activity:

- Ekornes shall appear as an environmentally-friendly enterprise. Our products shall cause the least possible impact on the environment.
- Ekornes has as its objective to keep the health risk at the workplaces at a minimum.
- Ekornes invests to avoid damage to the environment and injuries to health.
- Environmental information shall be generally available, for example through Environmental Product Declarations (EPD).
- Ekornes shall give objective and open information about how the company handles its environmental responsibility.

As an objective, Ekornes will continue to develop environmentally responsible methods in order to gain a competitive advantage ahead of our competitors.

Ekornes participates in the UN's Global compact.

Stressless® and Ekornes® are registered trademarks owned by Ekornes ASA, Norway.

IMAGINE

The physical world surrounding the Ekornes factory in Sykkylven leads the imagination to lasting, omnipresent peace, and makes one able to think more clearly. When one is surrounded by mountains and fjords – all part of the dramatic landscape where new Stressless® innovations are born, one cannot avoid being influenced.

The scenery of majestic peaks, the sound of thundering waterfalls, the freshness of the air – it inspires us to come up with new ways of communicating `peace of mind´ through the furniture we produce. Words like quality and comfort are therefore constantly at the top of our minds, to make sure every part of the manufacturing process goes according to plan.

Working in the midst of such beautiful surroundings also fills one with renewed respect for Mother Nature. Stressless® wants nothing more, than for the sense of true physical comfort to reach the Norwegian borders – and beyond, whilst making sure our production methods do not harm the environment.

Stressless

IMAGINE COMFORT

All the commotion in our daily lives makes us yearn for a temporary escape. We want to help you achieve that Stressless® feeling of ultimate comfort, so you can drift away from it all – just for a little while. Our innovative sofas and recliners are able to give you a sense of unmatched relaxation. Imagine furniture that provides you with unmatched sitting comfort – in every part of your everyday life.

THE STRESSLESS® BOOK OF COMFORT

Comfort is more than a promise – it is a promise fulfilled. And The Book of Comfort is laden with fulfilled promises. Comfort is an essential key to renewed energy, and to memorable quality time with family and friends.

In The Book of Comfort you can choose from a wide range of furniture with unrivalled comfort. We offer recliners, sofas, luxurious corners and home theater seating. Our functional tables, ottomans and accessories contribute to complete the comfort experience. That unmistakable, exclusive look, and at the same time practical and functional.

This year we have taken ultimate relaxation a step further, and are immensely proud to introduce our new Stressless® Office collection. The unrivalled comfort of a Stressless® recliner is now also available in your home office. It looks like a Stressless®. It feels like a Stressless®. It is comfort on wheels.

DISCOVER THE SECRETS OF PERSONAL COMFORT

- 1 The perforated foam is molded directly over the frame. The indentations in our new Comfort-Zones™ technology let your body sink deeper into the seat, giving you an overall embraced feeling for even more enhanced personal comfort.
- 2 An additional pad of soft space-age foam ensures optimum comfort.
- 3 Super-soft polyester fiber cushions your body and ensures an attractive look.
- 4 Durable steel frame and flexo springs for superior resilience and continuous support.
- 5 Plus™ system provides continuous support for your head and lower back. Double-sided mechanism ensures maximum stability and functionality.
- 6 Genuine top-grain leather or fabric covers the entire seat, for a luxurious look and feel.
- 7 Unique Stressless® Glide system automatically adjusts to your body weight.
- 8 Two-stem base adds superior stability.
- 9 For maximum mobility, swivel actions lets you easily turn 360°.

The headrest adjusts automatically, so you can read and watch TV, even in a reclining position.

The Plus™ system adjusts the lower back support simultaneously with the headrest. Upright or reclined, you're always perfectly supported.

Lower the headrest to the sleep position with one simple movement.

Comfort Zones™ give you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner.

Easy-to-move ottoman features built-in Glide system that adjusts to your body movement for ultimate comfort.

DISCOVER THE SECRETS

The unique cushioning in our Stressless® recliners and sofas embraces and supports your body like nothing. 40 years of innovation have brought us to a point where we wholeheartedly can say that our Stressless® recliners and sofas are the best on the market. One reason why we can take such a bold stance is that the manufacturing of every little component on a Stressless® takes place at our own factories, in the fjords of Norway.

Adjust the Stressless® Glide wheels to the setting of your desire. You can automatically shift to any seating position simply by using your body weight.

Ekornes® is proudly endorsed by the American Chiropractic Association.

INNOVATION SINCE 1934

Jens E. Ekornes made comfort his life project. He first established a spring-factory, with three employees. Today, his vision continues to grow. A visionary sees no borders, is always one step ahead, and makes sure that he delivers more than what has been promised. For almost 80 years we have been providing people all over the world with well-being, and we make sure to keep Jens E. Ekornes' innovative spirit alive, by constantly seeking improvement, so that Ekornes remains synonymous with the word comfort.

NEW

YOUR LIBERTY TO CHOOSE

The characteristic shape of its back makes the cushions on the Stressless® Voyager recliners curve perfectly around your body. It has brought a new dimension to the Stressless® collection. This year we have extended the collection with the perfectly matching Stressless® Liberty sofa, which comes in both a high-back and a low-back edition. The choice is yours. And needless to say, it's got the same soft cushioning with that unmistakable luxurious feel.

INDIVIDUAL COMFORT

Comfort is fantastic. On that we can all agree. Still, your sense of comfort may differ from others. That is why all Stressless® sofas are available in both high-back and low-back options with individually adjusting seats. Whether you prefer being able to put your arm up, or you love leaning back with optimal head support, you can depend on our Stressless® Legend sofas to make your afternoons just a little bit better.

COMFORTABLE DESIGN THAT WORKS

Comfort is a functional living room. That is why the Stressless® Duo ottoman only takes up space when you want it to. The Duo ottoman cleverly contributes to making your living room practical and comfortable at the same time. Let the occasion determine the way your living room works best. Whether it's time to relax or socialize, the Stressless® Duo ottoman – with its functional wooden table neatly stored inside the stool – makes your living room area versatile and practical. When the ottomans are not in use, simply push them underneath the Stressless® Duo table – ottomans and table melt together, forming a whole. The Stressless® Duo table is made from high quality toughened glass with European beech wood, available in all Ekornes wood colors to match your interior.

DELIGHT YOUR EYES

Comfort is not only measured by how your body feels, but also by what your eyes behold. A wooden trim on sofas gives a stylish look that will delight your eyes. In the same way as an appetizer makes you ready for the main course, a wooden trim makes the delectable comfort only a Stressless® sofa can provide, even better. The Stressless® Wizard is a perfect example of how stylish wood and durable leather can work together, forming a whole that appears slender and traditional at the same time. Our wooden trims are designed and produced at our factory in Norway, and come in seven different colors, making your sofa easy to complement with other pieces of furniture. The Stressless® Wizard features extremely soft cushioning made of especially designed foam. So believe us when we say, you will not be disappointed.

This year we are delighted to introduce our medium sized Stressless® E40, with the same unique ErgoAdapt® system built into the seat base, but with a fixed back. Our innovative solutions make sure that you get the unique sense of Stressless® comfort, in whatever sitting angle you choose – the way it ought to be.

Stressless® E40 Sofa in Batick Snow/Steel legs. Stressless® Duo Table. Our complete range of models is shown on pages 76-83.

NEW

STRESSLESS® SOFA WITH ERGO ADAPT®

Sit down and feel your body sink into the soft cushion of a Stressless® E40, E200, E300 or Long Seat with the ErgoAdapt® system.

Experience how the sofa adjusts to your body, providing you with a perfect sitting angle. And when you lie down, the seat stays completely flat. Ultimate comfort. That's the brilliance of our innovative and patented ErgoAdapt® system. It is built into the seat base and provides you with ultimate relief, whether you wish to sit or lie down.

The Long Seat automatically tilts down, giving your legs perfect support when seated, while staying completely flat when you prefer to lie down.

From zero position to tilt position
The new Stressless® ErgoAdapt® system automatically tilts the seat as you sit down – providing the perfect degree of comfort and support.

Lying down flat, no tilt
When you lie down on the sofa, the seat stays completely flat, offering exquisite comfort and giving you full advantage of the oversized seat.

STRESSLESS® E40 – A NEW LEVEL OF COMFORT

The Stressless® E200, E300 and Long Seats stylish cousin has come to town. Its name is Stressless® E40. There's no doubt it's part of the Stressless® family, seeing as it's got the same innovative system built into the seat base. Still, there's something new and fresh to the way it looks. The seat back is fixed, the headrest is elegantly integrated in the design, and the new triangular pillow ensures perfect lumbar support. The sofa is medium sized, making it perfect for slightly smaller living rooms.

GIVE YOUR HEAD A BREAK

Okay is not good enough. The Ergo Adapt® system provides you with ultimate comfort, whether you choose to sit or lie down. Our flexible headrest makes the sitting experience even better. The subtle movement of the headrest is easily adjusted. The headrest can be used on existing Stressless® E200 and E300 units, and is easily mounted. The Long Seat has its own specially adapted headrest with the same innovative functions.

The Stressless® Coffee Table proves that a table can be so much more than just a table. The clever design makes it fit perfectly above the seat of your sofa, ensuring that your snack or beverage is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

AN ABUNDANCE OF OPTIONS

Ekornes® does not only want to merely enhance the sense of quality, but the actual quality of the furniture itself. Therefore we constantly strive for innovative ways of making our furniture even better.

Your living room is not too small for that sense of total relaxation. Comfort is not about having a spacious living room; it is about making every inch of available space count. That is why our Stressless® E40/E200/E300 with ErgoAdapt® can be put together almost any way you want. Living rooms come in different shapes and sizes, and that is why the combination of unsurpassed comfort and flexibility on our Stressless® E40/E200/E300 is also available as a 1-seat option. Intimate is cozy. Intimate means "a space just for you".

Also when it comes to fabrics, the options are many. Read more about fabrics and maintenance on page 75.

Put your Stressless E40/E200/E300 together exactly the way you want

Regardless of how much available space you have for your home theater setup, there is always a place for a Stressless®. The geniality lies in the flexible modules. Find your favorite model, and pick your ideal arrangement. We've sketched a few possible configurations from a variety of our styles. See www.ekornes.com for a complete overview and measurements for each model.

IMAGINE HEAD-TO-TOE COMFORT

Waking up on a quiet Sunday morning and stretching out on your very own Stressless® Long Seat – there’s nothing like it. The ErgoAdapt® system built into the seat base ensures a head-to-toe comfort experience in any position. After enjoying a cup of newly ground coffee with your favorite novel in hand, your back perfectly supported due to the way the seat automatically tilts down, you throw your legs up and stretch out, happily registering how your legs are perfectly supported and how the seat stays completely flat when you lie down. The Long Seat can be free standing, or attached to a 2-seater or 3-seater, on a Stressless® E40, E200 or E300 sofa. The Stressless® Long Seat simply adjusts to your every movement, making your comfortable moments that much better.

YOUR PERSONAL TOUCH TELLS YOUR STORY

The Stressless® Space sofa has a modern feel – due to its clean lines it is perfectly complemented by our brand new Stressless® Jazz Office chair. Together they give your living room that classic and exclusive appearance. Our new collection of Office chairs are designed with the purpose of complementing your selected Stressless® sofa, providing you with the option of having a comfortable work space in the midst of your living room, that fits your personality and choice of style. The people we meet and the places we've seen, they all influence our preferences and make us who we are. With this in mind, we designed a collection of office chairs that tell the story of who you are and where you come from.

The Stressless® Swing table makes your evening in front of the fireplace or television even more perfect. Keep your cup of coffee, your novel, or your remote control close at hand. This small, versatile table fits most our recliners with our famous round base, except Stressless® Vision, Dream, Spirit, Magic, Jazz and Blues.

Stressless® Taurus recliner is shown in Paloma Chilli Red.

PERFECT COMBINATIONS

Why pick only one, when you can have both? You should be allowed to combine the warmth of soft fabrics and the stylishness of leather – and still have a living room that proclaims “oneness”. The fact that all our Stressless® and Ekornes® sofas and recliners can be upholstered in leathers and fabrics in any color you prefer, makes them easy to combine. You may prefer your Stressless® Orion recliner to be upholstered in leather, while preferring your Stressless® Space sofa upholstered in fabric.

YOUR ULTIMATE COMFORT CORNER

Even before we introduced the Stressless® Medium Corner and Big Corner configurations, the corner was the number one comfy spot of the sofa. We wanted to heighten the experience, and introduced our spacious corners where you have all the space you need to lean back, curl up, lie down – whatever your preference – your own personal comfort corner.

THE PLEASURE OF REAL QUALITY

The final touch to any piece of art can make all the difference. That is why our specially selected Stressless® fabric collection meets the most stringent requirements in the furniture trade. In fact, our international group of experts spent over a year selecting only those that met the highest expectations. Environmentally friendly and super-strong, without compromising that exclusive feel. And of course they are available in the latest color-trends and textures. Our fabrics have gone through all requisite tests, and we believe the final results are the best and most comfortable fabrics on the market.

DETAILS MATTER

One thing that characterizes all great design is the way it is seamlessly integrated, to create wholeness. This is also the case with the clever Stressless® Easy Armrest table; designed to fit perfectly on top of the armrest of our Stressless® sofas. See how seamlessly it integrates with the armrest on the Stressless® Wave. There are good sitting experiences. And then there are great sitting experiences. The practical and steady Stressless® Easy Armrest table makes all the difference.

STRESSLESS® DESIGN ONLINE FUN & EASY

Gather your family, or perhaps a group of friends, in front of the PC, and have a bit of fun with our newest online feature, Stressless® Design Online at www.ekornes.com. Conceptualizing your living room doesn't come any easier than this. Let the interior designer inside you run free. Dreaming doesn't cost a thing. Discover all the unique and innovative Stressless® solutions and combinations, and combine our different Stressless® fabric, leather and wood colors, and make your living room exactly the way you want it.

Congratulations!

You are now proud owners of your very own Stressless® setup. With the help of the Stressless® Design Online you have tailored your own setup according to your personal preferences. Who said it wasn't easy?

START WITH THE COMFORT TEST™

Ask a dozen people to give you their definition of comfort, and you're bound to get just as many different answers in return. We know that our recliners meet the highest standards, but you're the only one who knows what feels best for you. That is why we encourage all our customers to take The Comfort Test™ – developed to ensure that you feel and experience every aspect of Stressless® comfort as well as all our patented features. The comfort test takes no more than 5 minutes, and we guarantee that it will be worth your while.

PERFECT WELL-BEING IT'S POSSIBLE

Some choices are more important than others. Milestones, which have greater impact on your everyday life than you could ever imagine. Your first Stressless® recliner could very well be one of those before and after kind of moments. For decades all Stressless® designs have had one thing in common; that unique comfort experience. It's the way every little detail is designed with your well-being in mind, it's the way it glides back smoothly – adding perfect support in every position. It's the classic design that says durability and innovation at the same time. It's Stressless®.

PERSONALISED COMFORT

Comfort is being able to enjoy yourself, just the way you are. That is why most our Stressless® designs come in three sizes, some in two. We want every single individual to be able to achieve complete relaxation, regardless of size. Select the Stressless® that complements your size, and enjoy yourself!

DELIGHTFUL MOBILITY ONLINE

Imagine the delight of mobility, the joy of a comfortable sitting position – while surfing the web. In our modern society the computer is always close at hand, but placing the computer directly onto your lap is neither comfortable nor recommended. The Stressless® Personal table fits most recliners with our famous round base, except Stressless® Jazz and Blues. It is a firm and stable work space, situated directly above your lap. And best of all: it allows you to fully enjoy all the ergonomic advantages of your favorite recliner. And when you're done surfing, simply fold it down alongside the recliner.

Stressless® Buckingham Sofa and Stressless® Kensington Recliner are shown in Royalin Amarone/Cherry. Ekornes® Windsor Sofa Table. Our complete range of models is shown on pages 76-83.

TABLES FOR ANY OCCASION

What's the occasion? Friends over for coffee? Alone-time in front of the TV, a good movie and a cup of tea by your side? The design of each single Stressless® and Ekornes® table reveals how it has been made with a very specific purpose, whether it is fulfilling that unique Stressless® comfort experience or complementing a specific Stressless® or Ekornes® sofa. See how the Ekornes® Windsor table perfectly complements the classic design of the Stressless® Buckingham. Our sofa tables with wooden legs are made of high quality toughened glass and beech, and are available in seven different wood colors – to make them easier to match with your furnishing and interior style. So no matter the occasion, rest assured: You'll always find a Stressless® or Ekornes® table that meets your needs.

Stressless® Windsor Sofa and Stressless® Mayfair Recliner are shown in Paloma Black/Natural. Ekornes® Windsor Sofa table. Our complete range of models is shown on pages 76-83.

YOUR FAVORITE POSITION FULLY SUPPORTED

Imagine a headrest that adjusts automatically, so you can read and watch TV, even in a reclining position. Every little detail in a Stressless® recliner is designed using your ultimate comfort as a guiding compass. The Plus™ system makes sure that you're always perfectly supported, whether upright or reclined. The innovative Comfort Zones™ give you a better seating experience, as the indentations let you sink deeper into the seat and back of the recliner. Now imagine finding the perfect sleeping position – in one simple movement. Imagine simply using your body weight to shift to any seating position, then adjusting the Stressless® Glide wheel to the setting of your desire. It's possible. All of the above. It's Stressless®.

COMPLETE YOUR COMFORT ZONE

Once in a while you're entitled to an after dinner time-out in your 'comfort zone', in your favorite spot in the sofa, with a good novel in hand. Thirty minutes where everything goes your way. Nothing says comfort like a Stressless® Paradise, which comes in both a medium and large edition. And the cleverly designed Stressless® Ellipse table, with its innovative base, can be placed neatly alongside the Stressless® Paradise, and also our other Stressless® sofa models – so that you can easily reach everything you need without getting up. This is your moment. Enjoy it.

GRATIFYING FUNCTIONALITY

Lean back in your Stressless® Eldorado, and let your feet rest on a Stressless® Ottoman once in a while. They will gladly carry you wherever you need to go for the remainder of the day. The built-in tilt system ensures ultimate comfort for two reasons: the tilted position and the flat position. When you lean back, and then sit up again, you want your ottoman to adjust to your sitting position. The top is removable, and underneath; plenty of room for remotes, magazines and gadgets. Your feet deserve a bit of high-class comfort after a hard day's work. Give your feet a reason to love you. Give them a Stressless® Ottoman.

MAKE YOUR HOME COMFORTABLY YOURS

Home should be synonymous with comfort. And what gives a home its warm feel, is your personal touch. The wood trim on our sofas and recliners, and also the Ekornes® tables, is available in seven different colors, making the different pieces of furniture easier to integrate into your home. On the Ekornes® Oslo sofa you can however get it with wood trim or fully upholstered. The base on our recliners is made from laminated European beech, a light colored wood with an attractive grain, exceptionally suitable for staining in various colors. Also, the strength of the wood makes beech furniture extremely durable. Whether you prefer a sofa with wood trimming, or fully upholstered in leather or fabric, Ekornes® is the magic word.

So there you go; the chance to make your home comfortably yours.

STRESSLESS® HOME THEATER FURNITURE

HEIGHTENS EVERY
MOVIE EXPERIENCE

The movie is about to begin. So put your feet up on the Stressless® ottoman in front of you, and recline to your preferred position. Then you go on a journey – wherever the movie takes you. Your Stressless® home theater setup helps you forget all the little worries of your everyday life. Now is the time to let your thoughts drift off. For the next couple of hours, you're right there, among the gangsters of New York or the Kung Fu monks in their mountain monastery. You move more than 300 times during the length of a movie. The spacious, soft seats of your Stressless® home theater setup, lets you move comfortably – that's the essence of an ultimate Stressless® home theater experience.

SIMPLY GREAT

Imagine comfort and functionality in perfect symbiosis. We did, and the result was the Stressless® Double ottoman and Stressless® Oval ottoman. The Stressless® Double ottoman features plenty of leg room for two, plus ample storage space inside. It also comes with an optional table top, which can be placed on the ottoman – as a handy refreshment table – when needed. The Stressless® Oval ottoman has been built around the same general idea – with its removable pillow, the ottoman doubles as a convenient table. The pillow can be stored underneath the tabletop when not in use. It's simply great. It's simply Stressless®.

EPIC SEATS

When the storyline of a great movie takes hold of you, manages to transport you back in time or into the future, you want nothing more than to be able to remain comfortably seated. The clever sector tables and armrests complete the Stressless® home theater setup, both functionally and aesthetically. No need to get up! Now everyone can keep their own giant bowl of popcorn, or selected beverage, within reach. The clever armrests double as practical storage places, and so do the Stressless® ottomans. Gather the whole family for a couple of hours of quality time, or have the guys over to see the game. We cannot guarantee a win, or vouch for the movie – but we can guarantee epic seats for each and every one!

Regardless of how much available space you have for your home theater setup, there is always a place for a Stressless®. The geniality lies in the flexible modules. Find your favorite model, and pick your ideal arrangement from the size and positioning chart. We've sketched a few possible configurations from a variety of our styles. See www.ekornes.com for a complete overview and measurements for each model.

◀ The Stressless® Sector (SC)/Sector Arm (SCA) is upholstered like the sofa and hides a storage space under its top. The Sector/Sector Arm also functions as an armrest, which is why setups with Sector/Sector Arm tables should be treated as a fixed unit.

Stressless® Wave SC 121 shown in Paloma Chilli Red/Round wooden legs, Stressless® Easy Armrest table, Stressless® Double Ottoman.

A JOYOUS BIG SCREEN EXPERIENCE

You bring your book, your cup of coffee, or your laptop, and we'll bring the comfort – a combo unparalleled. The Plus™ System in the Stressless® home theater setup lets the neck support move in parallel to the lumbar support, and makes the hours spent in front of the big screen a joyous experience. Choose between the ordinary armrest, the practical features of the Stressless® Easy armrest table or the Stressless® Corner table. The Stressless® home theater set up ensures that every movie night has a happy ending!

Ekornes® Corner Table (CT) combines the need for a table with the need for individual positioning of the chairs and sofas. The Corner Table is free-standing, allowing you to re-organise the furniture when needed. Corner Table can be placed with any chair/sofa combination.

Stressless® Wave CT 121 shown in Batick Snow/Round wooden legs, Ekornes® Corner Table, Stressless® Easy Armrest table, Stressless® Double Ottoman. Our complete range of models is shown on pages 76-83.

NEW

STRESSLESS® OFFICE

WE DID NOT INVENT THE WHEEL
**WE INVENTED
COMFORT ON WHEELS**

Every Stressless® has a story to tell, beginning and ending with the word "comfort". It's been our inspiration for the last 40 years. Now, we have taken this ultimate comfort a step further, so that you can enjoy the real Stressless® comfort even when you spend time working at home.

STRESSLESS® OFFICE

Stressless® Magic Office is shown in Paloma Black.

Stressless® Magic Office is shown in Paloma Clementine. Our complete range of models is shown on pages 76-83.

COMPLETE THE PICTURE

1 The headrest adjusts automatically, so you can read and watch TV, even in a reclining position. **2** The Plus™ system adjusts the lower back support simultaneously with the headrest. Upright or reclined, you're always perfectly supported. **3** Lower the headrest to the sleep position with one simple movement. **4** Adjust the Stressless® Glide wheels to the setting of your desire. You can automatically shift to any seating position simply by using your body weight. **5** Comfort Zones™ give you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner. **6** Your Stressless® Office chair can easily and smoothly be height-adjusted by using the handle under the seat. The base with wheels is carefully developed and designed to give optimal stability and freedom of movement.

Our new Stressless® Office collection will undoubtedly make it harder to separate business from pleasure. Not only because our Office chairs are so delightfully comfortable, but also because the chair will seamlessly blend in with your other Stressless® or Ekornes® furniture. You'll honestly forget the fact that you're sitting in an office chair – and so will everyone around you.

The Stressless® Office collection has been designed to match a wide range of our sofas and recliners, so that the office corner will not feel intruding, but instead provide you with a living room that in unison pleasantly whispers 'comfort'.

SOOTHING HOME OFFICE CHAIRS

Great inventions deserve to be part of great innovations. This was our thought as we created comfort on wheels. We are delighted to introduce the new line of wheeled Stressless® Office chairs, our contribution to your satisfying home office experience.

Your back deserves the same amount of relaxation while working, as while relaxing. If your back is enjoying itself, your mind works better. This is a simple truth. This combination of the comfort of a Stressless® recliner, and the mobility of a wheeled office chair, provides you with the ability to get the job done, without the stiffness in your back at the end of the day.

Ekornes® offers four categories of leather, In a selection of beautiful colours.

BATICK is a corrected, pigment improved and grain embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone color effect to liven up the surface. Batick is resistant to fading, although changes in color will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent durability and a reasonable price make Batick a good choice.

CLASSIC is a corrected, pigment improved and grain embossed upholstery leather. Classic is somewhat thicker and has a larger pebbled grain than Batick. Most of its natural marks are removed. Also, some of the Classic colors have a two-tone color effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Classic is a wise choice if you want leather with excellent durability.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little at some parts of the furniture, and also minor color nuances may appear in the leather. Natural marks, scars and insect

bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick and Classic. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

ROYALIN is the most exclusive of Ekornes's leather types, but also the most vulnerable. Royalin is a type of leather with natural pebbled grain and structure, and may have minor color nuances and some natural marks. This is characteristic for a natural material such as Royalin. A very light surface treatment provides a certain protection, but Royalin absorbs moisture easily, and is extra vulnerable to wear and tear, heat, sunlight, spills and perspiration. This requires greater care in use and more vulnerability to influence from direct contact with human skin (especially from neck/hair and hands). Royalin has the softness and a rich warm glow that characterize first-class furniture leather. Variances including grain pattern and color are an inherent feature within Royalin leather and are a natural mark of high quality.

Stressless® Leather and Fabric Care kits

To match the high quality of our furniture, Ekornes now offers its own leather and fabric (including microfiber) care series.

The Stressless® Leather Care kit (medium, large) and the Stressless® Leather Care Wipes contain a leather cleaner, a protection cream and wipes. For nurturing, and making the leather more resistant to stains, the protection cream should be applied to all leather surfaces when your recliner is new. For later treatment, in addition to regularly removing stains, we recommend that the leather is cleaned with the Stressless® Leather Cleaner at least every 6 months. Always apply protection cream after cleaning. Please see www.ekornes.com for further information about maintaining your leather furniture.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and 'Ox cleaner'. This kit gives you everything you need to clean a piece of furniture in just minutes, without removing the fabric cover. For resistant stains, use the Fabric Cleaner together with the Stain Remover and 'Ox Cleaner'.

These are the only cleaners Ekornes will approve. Ekornes will decline all responsibility in cases where other products than those approved by Ekornes have been used to maintain your leather and fabric furniture.

Ekornes® upholstery leather

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations on durability, and for the use and content of chemicals and other substances. We are cooperating with recognized international institutions in this line of business, to ensure that we are updated at all times with events relating to health, safety and the environment.

The leather for our furniture is a natural material that comes from cattle hides.

When the hide has gone through a tanning process and further processing to achieve the correct durability properties, it is called leather. One characteristic of a hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors, and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

The following are some of the properties of leather that you should be aware of:

Leather is a natural product and is a beautiful and lively material used in furniture making. Each hide is unique in its structure, appearance, nuance and size. Ekornes may use several hides when making your furniture. This, together with the leather's play of colors and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

The following applies to all types of leather used by Ekornes: Hide absorbs dyes differently and therefore the leather may have color nuances. These are due to dissimilarities and different fiber structures, which affect the coloring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are deep-dyed, but there could always be a deviation between

the basic color of the hide (the color of the side that faces the upholstery side of the furniture), and the color of the grain side (the external side) i.e. the color of the outer layer. This is normal. It is possible to use the same basic color for leathers with different top colors.

Dyes and dyeing methods may vary between the different leather colors and leather qualities. Therefore, the basic color and the color of the top layer (which forms the wear layer and the final desired color of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone color effect (shadow/antique effect). Leather dyed with a two-tone effect may change character faster and wear more unevenly than leather with just one color. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top color is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top color changing character, cracking or peeling off.

Please note that denim clothing and jeans may leave color on the leather, which is difficult to remove without risking destruction of the top color of the leather. Light leather colors, in particular, are vulnerable to such color contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in color may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.

Stressless® Fabrics

Our specially selected fabric collection meets the most severe requirements in the furniture trade. Stressless® fabrics are produced according to strict conditions with respect to nature; they are also prepared for heavy-duty use, light tolerance and flammability. Choose from the Luna, Oasis, Ocean, Siena, Stelle and Dinamica ranges in a wide selection of colors that match your interior.

About fabric

Please note that color changes will occur with time, as a result of use and the effect of light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your chair or sofa, the fabric upholstery should be regularly cleaned.

The Stressless® wooden colors

Made from laminated European beech, a light-colored wood with an attractive grain, exceptionally suitable for staining in various colors. Also, the strength of the wood makes beech furniture extremely durable.

SELECT YOUR LEGS

Sneakers with your classy ball gown? Slippers with your elegant suit? Most women prefer a pair of high heeled shoes to match that specially selected dress, and most men, black leather shoes that complete that sharp business look. Still – the choice is always yours, and luckily most our Stressless® and Ekornes® models can be delivered with a wide range of different legs. Steel legs give your sofa a more sophisticated look, wooden legs makes the feel of your living room warm up. So, whether your personality says ‘suit and leather shoes’, or ‘evening gown and sneakers’, we have the legs to fit. And the choice is always yours.

REST YOUR FEET

STRESSLESS® DOUBLE OTTOMAN
The Double Ottoman has plenty of leg room for two, plus ample storage space inside. The optional table top serves as a handy refreshment table that can be placed on the ottoman when needed.

W:47" – 60 1/2" H: 19" D:24"

STRESSLESS® OVAL OTTOMAN
The Stressless® Oval Ottoman has a removable pillow, thus doubling as a convenient table. When you don't need it to rest your feet on, simply store the pillow below the tabletop.

W:37" H:18 1/2" D:19 1/4"

STRESSLESS® DUO OTTOMAN
Can be used as a footstool, or as a small table. Simply take the wooden table inserted into the side, place it on the top, and you have a convenient small and movable table. If not in use, you can easily place it under the Stressless® Duo table.

W:24" D:13 1/4" H:17 1/4"

W:20" D:15 3/4" H:17 1/4" W:23 1/2" D:23 1/2" H:17 1/4"

W:20 3/4" D:19 1/4" H:17 1/4" W:25 1/4" D:27 1/4" H:17 1/4"

STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN
Our ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman is adapted to your sitting position. It also has room for all the extras, under its removable top. The ottoman comes in two sizes.

FUNCTIONAL TABLES DESIGNED FOR COMFORT AND STYLE

All of our tables are developed to serve a special purpose. Some of them are designed to fulfil the unique Stressless® comfort experience, and some of them to complement specific Stressless® sofa series. The sofa tables with wooden legs are made of high-quality toughened glass and beech, and are available in seven different wood colors to match your furnishing and interior style.

EKORNES® PEGASUS TABLE
The design complements the Pegasus collection with curved wood legs. A shelf beneath the tabletop is a good place to store newspapers, magazines and remote controls.

L: 50" W: 30 1/4" H: 19"

EKORNES® WINDSOR TABLE
Enhance the décor of your home with our Windsor table. It features sleek, simple lines with a shelf below, perfect for storing remotes, books and magazines. The Windsor table is designed to complement both the Windsor and Buckingham series.

L: 51 1/2" W: 27 1/2" H: 19"

STRESSLESS® DUO TABLE
Made from high quality toughened glass with beech. Natural, or stained in the following colors: Mahogany, teak, cherry, brown, wenge and black. Add up to four Stressless Duo Ottomans and the result is the epitome of functional design.

W:42 1/2" D:33 3/4" H:17 1/4"

L: 55" W: 35 1/2" H: 17 3/4"

R: 41 1/4" H: 17 3/4"

L: 23 1/4" H: 17 3/4" W: 26 3/4"

EKORNES® JAZZ TABLE
The Ekornes® Jazz tables are made specifically to match Stressless® Jazz Recliners. Choose between the round or rectangular versions, or the clever corner table that fits perfectly between two recliners.

STRESSLESS® COFFEE TABLE
A flexible and cleverly designed table in stainless steel and glass, that fits perfectly above the seat of your sofa. Your snack, or beverage, is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

W:23 1/2" H:19 1/2" D:19 1/2"

STRESSLESS® FLEXI TABLE
Exclusively designed in stainless steel, and glass. This table is height-adjustable and the glass plate can easily be tilted and transformed into a standing PC-table for Stressless® Blues and Stressless® Jazz.

W:15" L:19 1/4" H: 24 1/2"

EKORNES® ELLIPSE TABLE
Flexible and easy-to-move, our Ellipse table keeps everything at hand wherever you choose to sit. Simply slide it in close, to maximize your comfort zone.

W: 15" D: 19 1/4" H: 21 1/4"-29 1/4"

EKORNES® CORNER TABLE
The free-standing Corner table fits perfectly between two Stressless® recliners, two sofas or a recliner and sofa. An ideal solution for home theater seating, or for any grouping when space is at a premium.

L: 27 1/4" H: 19" W: 23 3/4"

STRESSLESS® EASY ARMREST TABLE
This table is made for the Stressless® Arion, Space Large and Wave. Place the armrest for convenience when sitting and relaxing, or simply take it off or move it when not in use.

STRESSLESS® OTTOMAN ELEVATOR RING
The Stressless® Ottoman Elevator Ring adds 1 1/4" to the height. Fits all free-standing ottomans produced after March 1, 2004.

HARD FLOOR PROTECTOR
Self-adhesive felt, sized to fit all signature ring-based Stressless® recliners, keeps your wood or tile floors in pristine condition.

All measurements in cm. Sizes of individual products may vary by up to 3/4" due to the handmade nature of the product.

NB: Ekornes products are under constant development, and we therefore disclaim any liabilities due to products that may differ from product images in the catalogue, as well as possible typing errors and color differences in the catalogue.

* Adjust to desired seat height when assembling the chair.
