Esse Hana

Esse^{mini}

A newborn in the Esse family! Esse^{mini} is a compact version, designed for screens up to 32".

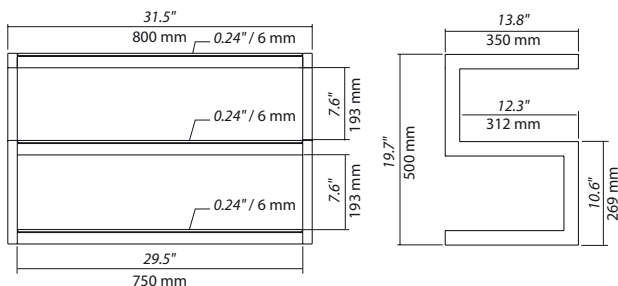

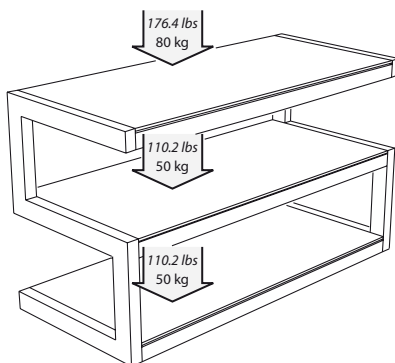

Made in highly resistant lacquered steel and glass, this piece of furniture has been designed for everyday life, offering solidity and installation easiness.

The S-shaped profile that gave its name to this range of furniture, was reduced here to a minimum. NorStone target was to obtain an affordable price that will seduce you more than ever.

This declension remains in the same esthaetics line as its elder brother. It can blend itself in any kind of conventional or more contemporary home design.
