

McIntosh McAire™ integrated audio system

- The McAire integrated audio system delivers the legendary McIntosh look and sound quality in a compact size.
- Built in AirPlay® allows you to wirelessly stream music via your Wi-Fi network* from your Mac or PC based iTunes® library, as well as music stored on your iPad®, iPhone® or iPod touch®.
- USB docking is available for all day playback and charging, with song selection and volume handled by the included remote control. Computers and TVs may be quickly connected for full range, high fidelity sound.
- The McAire's space saving design and room filling sound makes this system versatile enough to accommodate the audio needs of any room in your home.

*AirPlay requires iTunes 10.1 or later and iPhone, iPad or iPod touch with iOS 4.3.3 or later. To wirelessly stream music to the McAire, a wireless router is required. Router not included.
iPhone shown with McIntosh AP1 Music Player. App available on the iTunes App Store.
iPhone not included.

Unleash your personal soundtrack
