

tangent EVO

# E24

WHEN SOUND AND SIZE MATTERS..!

## TANGENT EVO CENTRE- WHEN SOUND AND SIZE MATTERS..!

The Tangent Evo Centre speaker has been designed to match the stunning Evo bookshelf speakers. Finished in the same deep, high gloss black or white, the Evo centre looks as impressive as the other Evos.

As with the other Evos, the Centre isn't just one of the best looking speakers in its class, but also one of the finest sounding. A soft dome tweeter and carbon effect, impressed woofer units create a fabulous sound quality that compliments a wide range of speakers in addition to the Evos.

For a centre speaker that truly looks as good as it sounds, the Evo Centre has it all!
