

VicShape 3D

Art meets acoustics in a panel that performs as well as it looks

V/COUSTIC

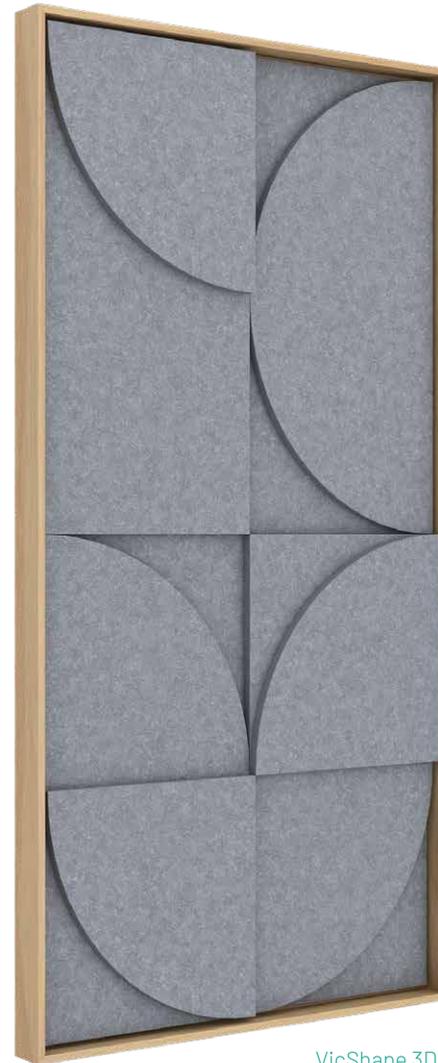

VicShape 3D Black

Vicoustic created a panel that combines art with acoustic performance

VicShape 3D is a relief art acoustic panel. The secret? Three layers of PET HD for sound absorption framed in high-quality natural oak veneer, combined in an elegant design. frame in natural oak veneer.

Sustainable panels in High Density PET

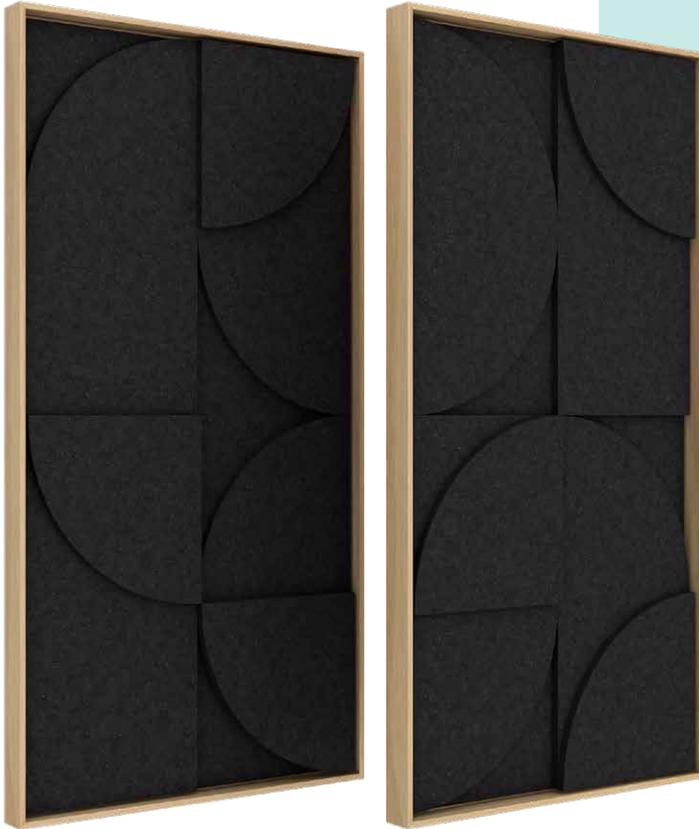

- The panels are a combination of three overlapping 12mm cut-out layers that reach a maximum of 36mm.
- Made from PET HD, a High-Density VicPET Wool - nonwoven textile produced mainly from recycled plastic bottles.
- A sustainable choice for green building projects.

VicShape 3D Grey

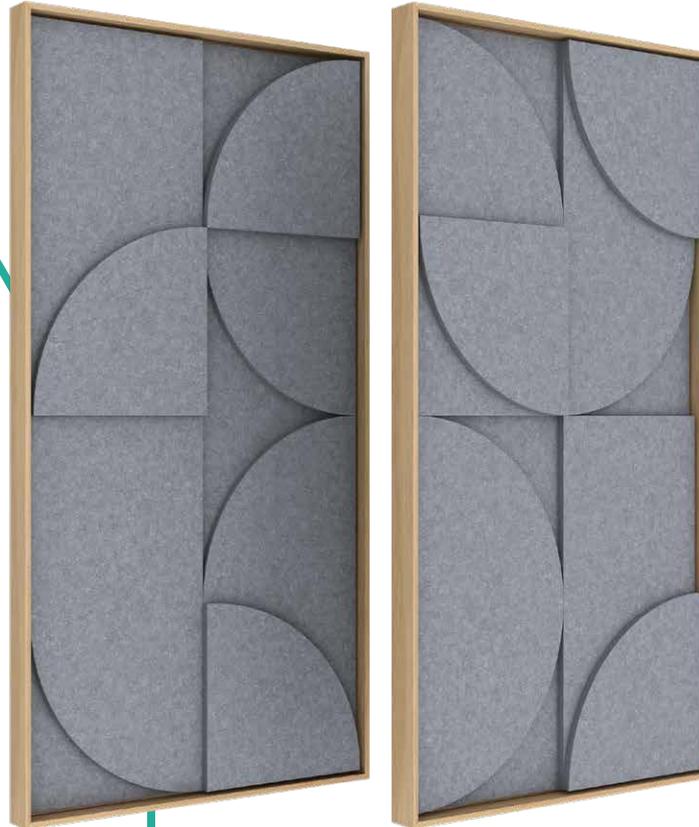

VicShape 3D Duo Black

- You can creatively re-align the different boards to create your "own" artwork.
- The 3D artwork of these geometric wall sculptures adds a contemporary touch to any setting with its abstract art lines.
- An optimal design collection for hotels, restaurants and private spaces.

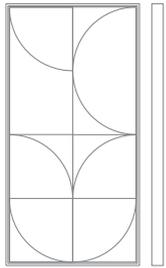

- VicPET Wool is a low-emitting material with excellent acoustic performance, designed to perform primarily in medium and high frequencies.
- PET HD has the added value of having the sides in the same color as the entire panel.
- Easy to apply to a wall using the included hanging support bracket, just like a common art board.

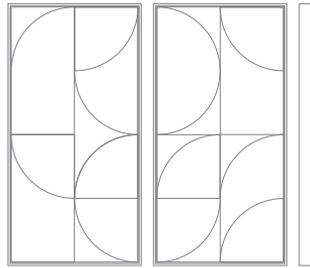

VicShape 3D Duo Grey

Specifications

VicShape 3D

VicShape 3D Duo

PET HD Colors

Packaging: VicShape 3D: 1 unit/box; VicShape 3D Duo: 2 units/box

Materials: High-density PET and Pine Wood with Oak veneer

Dimensions*: 595 × 1160 × 52 mm / 23.4 × 45.7" × 2.1" (unit)

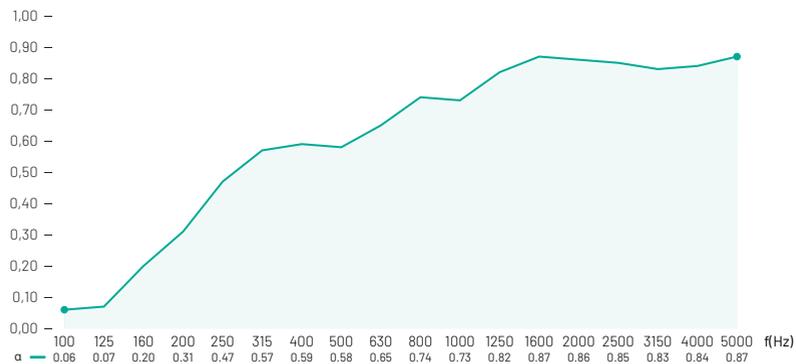

* Each panel. Please notice that the dimensions of the panels have a tolerance of +/- 2mm

Installation: Hanging support bracket (included)

Acoustic Performance: Medium and High Frequencies Absorption

NRC: 0.65

Sound Absorption Coefficient
